

Statement of Qualifications Environmental Compliance Monitoring Southeast & Southwest Florida and the Florida Keys

is a Woman-Owned Small Business (WOSB) registered with CCR, an MBE certified with the State of Florida, a DBE certified with FDOT, an SBE certified with the SFWMD, and has similar certifications with Dade, Broward, Lee, Collier and Monroe counties, among others; has 14 years of professional experience, highly-qualified staff, and competitive pricing; has strategic partnerships with other, highly-qualified small firms to provide “soup to nuts” service for any project; and offers many services beneficial to construction projects, including:

DATA COLLECTION AND ENVIRONMENTAL DOCUMENTATION

- Field ecological data collection, including wetland delineations utilizing federal and Florida methodologies, and mapping using sub-meter- and sub-foot-accuracy GPS equipment
- Threatened and endangered (T&E) species surveys and mapping
- Benthic resources surveys and mapping including identification of Submerged Aquatic Vegetation (SAV)
- Ecological data management, including data analysis and presentation utilizing state-of-the-art GIS software (ArcGIS 10)
- Environmental Protection Plan documentation for construction activities to meet permit requirements
- National Pollutant Discharge and Elimination System (NPDES) and Stormwater Pollutant Prevention Plan (SWPPP) documentation
- Extensive knowledge of Southeast and Southwest Florida and Florida Keys habitats and listed species

CONSTRUCTION COMPLIANCE MONITORING

- Instruction of construction personnel regarding avoidance of impacts to wetlands and SAV beyond the project boundary
- Preparation of environmental education materials and training for construction personnel for avoiding interaction with T&E species, marine mammals, and nesting migratory and wading bird species
- Turbidity monitoring meeting environmental permit requirements
- T&E species monitoring by qualified personnel meeting resource agency requirements
- Preparation and submittal of all required reports and documents demonstrating permit compliance for duration of construction project
- Coordination with construction personnel, and project manager and resource agency staff

Thank you for considering  for your next project! Please contact company CEO Sandra Walters at 305-294-1238 or at sandy@swcinc.net for more information.
